#REF CS1021LOR

**SUBJECT AWARD / 3rd GRAND PRIZE**

You have been drawn as an exceptionally lucky sweepstake winner! That's why we are delighted and pleased to inform you through this letter that our network system shows you as the lucky winner of an unclaimed prize for the amount of \$ 100,000.00. Our system indicates that you were drawn as a winner on November 6th, 2008.

All participants were selected through a computer ballot system drawn from Readers Digest, National Publishers Clearing House Sweepstakes Databases, part of an International Lottery Commission, which is conducted annually.

**CONGRATULATIONS!!!**

It is our duty to inform you of the existence of International Law Guiding the fair personal collection of cash prizes. This International Law stipulates that a winner pays a processing fee before his/her funds are released. The same law also prevents you from paying the fees out of your personal funds. Be advised, your reference number CS1021LOR must be kept confidential until your claim has been completely processed. This will avoid any double claims, which will disqualify you automatically.

Your funds are now deposited with us and insured under your name. Please find enclosed a check cashable only by you, be advised that the enclosed check is valid only by calling our offices first. **If you attempt to cash this check before speaking to any of our agents the check will be void and all stop payments will be in affect.** Please note that the amount on your check shall be deducted from your winnings as soon as it is processed and released. The balance of your total winnings will be paid out to you upon receipt of your processing fees.

Take advantage of this opportunity today by contacting your claims agent Michael Anderson at 1-514-574-7853 for further instructions

Please note, all prizes must be claimed no later than November 21th, 2008 at which date any unclaimed funds shall be forfeited.

Please accept our congratulations,

1-514-574-7853

Michael Anderson  
Clearing Commissioner
