Fees for Non-Members

Non-members that present checks drawn on GenFed Financial for conversion to cash or a cashier's check will be charged a *\$5 fee per check*. (Includes members' personal checks which are referred to as 'on us' checks and GenFed Financial Cashier Checks. Additionally, cash-back limits will apply.)

Fees as of date noted on back panel and subject to revision at any time. Services not itemized above may incur a fee which is calculated to recover our costs of providing the service. This document represents a synopsis of the Rules and Regulations about Share Accounts. Please refer to the Official Rules found in the "SHARE ACCOUNT AGREEMENT" and the "TRUTH-IN-SAVINGS DISCLOSURE."

*GenFed may pay an overdraft item, at our sole discretion, and charge this fee in lieu of the NSF fee, potentially saving you additional charges by other parties. This fee is imposed for overdrafts created by checks, ACH, or by other electronic means, as applicable. You can also opt in

for this coverage for ATM withdrawals and Debit Card transactions. All advances resulting in an overdrawn balance must be repaid within a 30 day period. Before using the overdraft privilege pay program GenFed will access available funds in the regular share/savings as well as personal overdraft lines of credit, as applicable, to cover the overdraft. This will cause your account to be overdrawn with a negative available or actual balance. You may opt out of this program by notifying GenFed. Excessive NSF/Overdraft fees can be costly.

GenFed Financial Draft Accounts, Electronic Funds Transfer, Direct Deposit, Overdraft Protection, and Holds on Deposits

Draft Accounts

1) NSF fees

Members will be charged this fee if an account's available balance is reduced to a negative balance. The item reducing the account to a negative available balance will be returned to the Payee.

Members making deposits to "cover" items reducing an account's available balance to a negative balance will still incur the NSF fee and the check will be returned to the Payee.

2) Overdraft Protection (From Primary Savings Only)

Members will automatically have overdraft protection from the primary savings. Members may elect a different option at any time.

The item presented for payment will post to the account as normal. During draft maintenance (performed daily), if funds are available, they will be transferred from the savings account to pay the item and the fee. A nominal fee may be charged for this service.

3) Overdraft Protection (From Primary Loan Only)

Members may elect this option at any time.

The item presented for payment will post to the account as normal. During draft maintenance (performed daily) the available credit will be utilized in increments of \$100.00 to pay the item, and an updated application is needed every year or upon request of GenFed. A nominal fee may be charged for this service.

4) Stale-Dated Checks

We are not obligated to, but may at our option, pay a non-certified check presented for payment more than six months after its creation date. If you do not want us to pay a stale-dated check, you must place a stop-payment order on the check in the manner we have described elsewhere. Cashier's/Official Checks are not valid 90 days after issuance. If you have an
